EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglass P. Mueller on 09/24/07.

The application has been amended as follows:

Claim 20, line 5, the word "hydroxypropylcellulose" has been amended to "hydroxypropylcellulose".

Claim 28, 2nd line, the phrase "about .5" has been amended to "about 5".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest prior art, Depui et al. teach a solid dosage comprising low-substituted hydroxypropylcellulose. Depui et al., however, does not teach the low-substituted hydroxypropylcellulose having 5% to less than 7% by weight of hydroxypropoxyl groups. A 1.132 Declaration filed 01/15/01 admitted that the low-substituted hydroxypropylcellulose having 5% to less than 7% by weight of hydroxypropoxyl group materials would not have been available at the time of Depui. Applicant further submitted a 1.132 Declaration showing that the solid dosage taught by Depui does not exhibit the claimed buccally disintegrating time of 5-50 seconds (see pages 6 and 10 of

the Declaration filed 08/22/07). The Declaration filed 08/22/07 showed that the tablet of Depui was not disintegrated in the oral cavity in 5 minutes, and was spit out due to stickiness and uncomfortable feeling.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 20, 21, 23-26, 28, 29, 31 and 32 are allowed.
